What did your TA do best to help you learn the material?

- Extremely patient with questions that did not always make sense. Often offered alternative ways to think about problems
- When I attended her office hours, Becka had a complete grasp of the material and was able to articulate it in a way that I could understand it when I had doubts.
- Becka was very responsive over both email and office hours, and followed up on points after office hours with additional information over email. She was approachable and informative, and a huge assistance for this course!
